[APPLICATION] Method, apparatus, and program for adaptive control of application **power** ...

US Pat. App 10/715,945 - Filed Nov 18, 2003 - International Business Machines Corporation

[0033] Another goal of the **power-aware monitor** is to reduce resource consumption

... [0035] **Power-aware monitor** 310 may **monitor** application usage to build ...

Method and apparatus for reducing **power** consumption in a computer system ...

US Pat. 5590342 - Filed Nov 29, 1994 - Intel Corporation

that assumes that applications and the associated device drivers in the system

be APM-**aware** to **monitor** and control **power** management. ...

Distribution of processing activity across processing hardware based on ...

US Pat. 6804632 - Filed Dec 6, 2001 - Intel Corporation

The system of claim 16 wherein said **monitor** comprises: a **power-aware** scheduler

to schedule tasks for specific ones of said plurality of processing units in ...

System and method for cross-platform application level **power** management

US Pat. 6131166 - Filed Feb 24, 1999 - Sun Microsystems, Inc.

... to the APIs in the source code for a **power-aware** Java™ application. ...

setting a system **power** state, and getting a system **power monitor** object. ...

Peripheral data acquisition, **monitor**, and adaptive control system via ...

US Pat. 5400246 - Filed Aug 5, 1992 - Ansan Industries, Ltd.

However, the host PC 12 can **monitor** the status of the appliances, ... would be

aware of this change in status since it constantly monitors the AC **power** line ...

Apparatus for monitoring distributed I/O device by providing a **monitor** in ...

US Pat. 5628029 - Filed Feb 3, 1995 - VLSI Technology, Inc.

However, incorporating these reconfigure the **monitor** circuitry when the FO ...

This **power** management **aware** thereby allowing the FO block to of each FO device ...

Automobile **power** source **monitor**

US Pat. 6630749 - Filed Nov 27, 2000 - Autonetworks Technologies, Ltd.

AUTOMOBILE **POWER SOURCE MONITOR** BACKGROUND OF THE INVENTION The present invention ... there is a case in which the user does not **aware** that the **power** source ...

Power management schemes for apparatus with converged functionalities

US Pat. 6285406 - Filed Mar 28, 1997 - Compaq Computer Corporation

The PC/TV system 100 includes a display **monitor** 110 operable to receive and display ... **power** management **aware** applications 190, and **power** management-**aware** ...

Auxiliary battery monitor

US Pat. 4990885 - Filed Oct 11, 1989 - Navistar International Transportation Corp.

The **monitor** as claimed in claim 1 in which said switch means comprise a field effect **power** transistor having gate, source and drain terminal means, ...

Activity monitor for computer system power management

US Pat. 5799198 - Filed Jun 2, 1995 - Vadem Corporation

One part with significant **power** consumption is the central processing unit (CPU). ... the hardware **monitor** senses predetermined **aware** of I/O activity. ...
